

Covered MICHild Mental Health Medications

Here is a list of the medications that are currently available for ADD/ADHD that will be covered for MICHild members when written by a HealthPlus provider:

Brand	Generic	Dosage Forms
Ritalin	Methylphenidate immediate-release (IR)	Tablets
Methylin	Methylphenidate IR	Tabs, chew tabs, oral solution
Focalin	Dexmethylphenidate IR	Tablets
Focalin XR	Dexmethylphenidate extended-release (ER)	Capsules
Ritalin LA	Methylphenidate ER	Capsules
Ritalin SR	Methylphenidate sustained-release (SR)	Tablets
Metadate ER	Methylphenidate ER	Tablets
Methylin ER	Methylphenidate ER	Tablets
Concerta	Methylphenidate ER	Tablets
Metadate CD	Methylphenidate ER	Capsules
Daytrana	Methylphenidate ER	Transdermal patch
Adderall	IR Dextroamphetamine and amphetamine salts mixture	Scored tablets
Adderall XR	ER Dextroamphetamine and amphetamine salts mixture	Capsules
Dexedrine Spansule	Dextroamphetamine SR	Capsules
Vyvanse	Lisdexamfetamine	Capsules
Strattera	Atomoxetine	Capsules
Intuniv	Guanfacine	Tablets
ProCentra	Dextroamphetamine	Oral Solution

Please note that some of these medications require prior authorization. **All other mental health drugs** will no longer be covered by HealthPlus and will now be covered by the local community mental health agency. For current prescriptions with refills, HealthPlus will allow a transition period so that prescriptions may be transitioned to the local community mental health agency. Note: These clarifications apply to mental health drugs only, not medications in other drug categories.
